

MAKE A MONSTER

Worksheet

1. Is your monster more physically (brawn), mentally (mind powers), spiritually (ghostly), or magically powerful? Use this to determine build/shape.
2. How did it come into being? Did it evolve, was it dreamed up, conjured, something else? Are there more of it, or is it the only one?
3. What are its strengths/abilities? This includes everything from physical strength to an ability to track its prey if it possesses something of its victim. Be creative!
4. What are its weaknesses? Every good monster needs a fatal flaw. Does it require a special weapon to defeat it, is it repelled by running water, can it be captured/commanded by the right ritual?
5. What does it hunt/hunger for? If it does not physically feed, what is its driving purpose? What powers it? What happens if it doesn't get it?
6. What number of limbs does it have?
7. How large is it?
8. What other physical features sets it apart? Odd number of eyes/unusual eyes, animal features/body parts (fur, snout, limbs, claws), skin color/patterning, etc.
9. What does it wear/accessorize with, if anything? Accessories do include weapons.
10. What is its natural habitat? This includes both geographic location, rural vs. city, hunting grounds, etc.
